

KINGDOM DEVELOPMENT

COUNTING the COST

DEAR SAINTS AND FAITH LANDMARKS
FAMILY MEMBERS,

The gospel of Luke records a period in Jesus' earthly ministry where He was making final preparations for His triumphal entry into Jerusalem.

The disciples had to be instructed and ready.

God has never been concerned about the outcome of Jesus' work at Calvary. The Church has never been bigger or more powerful.

We are at a mountain top in Kingdom Development.

Moments like this are the very environment that Jesus spoke of regarding His imminent return.

He told His disciples that they should be watching and faithful.

Jesus described how no one goes out to begin a building project without first **Counting The Cost**.

For which of you, intending to build a tower, sits not down first and counts the cost, whether he have sufficient to finish it? (Luke 14:28)

Pastors

CONTINUED...

Jesus was speaking of their commitment to the Kingdom.

Faith Landmarks Ministries is at one of those points.

We recognize our physical plant could use some 'Temple maintenance.'

Our buildings are in good shape. True, we must continually repair and replace things that wear out, but the next part to be rebuilt are the grounds.

A little history...

We, as a congregation, offered the first contract on this parcel of land (100 acres) in 1986.

Our land has never been fully utilized.

Some of the acreage lies in disuse.

God wants us to use it all. He has given us a new Master Plan of development to bring the site into full use.

We will accomplish this in three phases. We begin the first phase this spring.

We have retained a local firm that is skilled at design, and plans have already been submitted to Henrico County for their review. We have begun to receive approvals for the plan.

We intend to disclose these approved plans in our upcoming Stewardship emphasis.

We are asking you to seek the Lord in prayer about your part.

We need to commit ourselves to this process. The New Testament gives us revelation of how God partners with people financially to 'Build The

Kingdom.'

He multiplies our seed sown and returns it to us abundantly.

The facility that we use continuously is a miracle and a marvel.

God has raised up a multitude of believers who have embraced His promises, and have literally seen God change their lives.

We recognize this phenomenon as a working of the Spirit.

As we launch this project, and as we pray, we will see God begin to move!

Beginning on Commitment Sunday, May 22, 2022, we will begin a 52-week period of new **financial miracles**.

Just like the 'small boy's lunch,' God will multiply your seed. You will be furnished with abundance as you **believe and sow**.

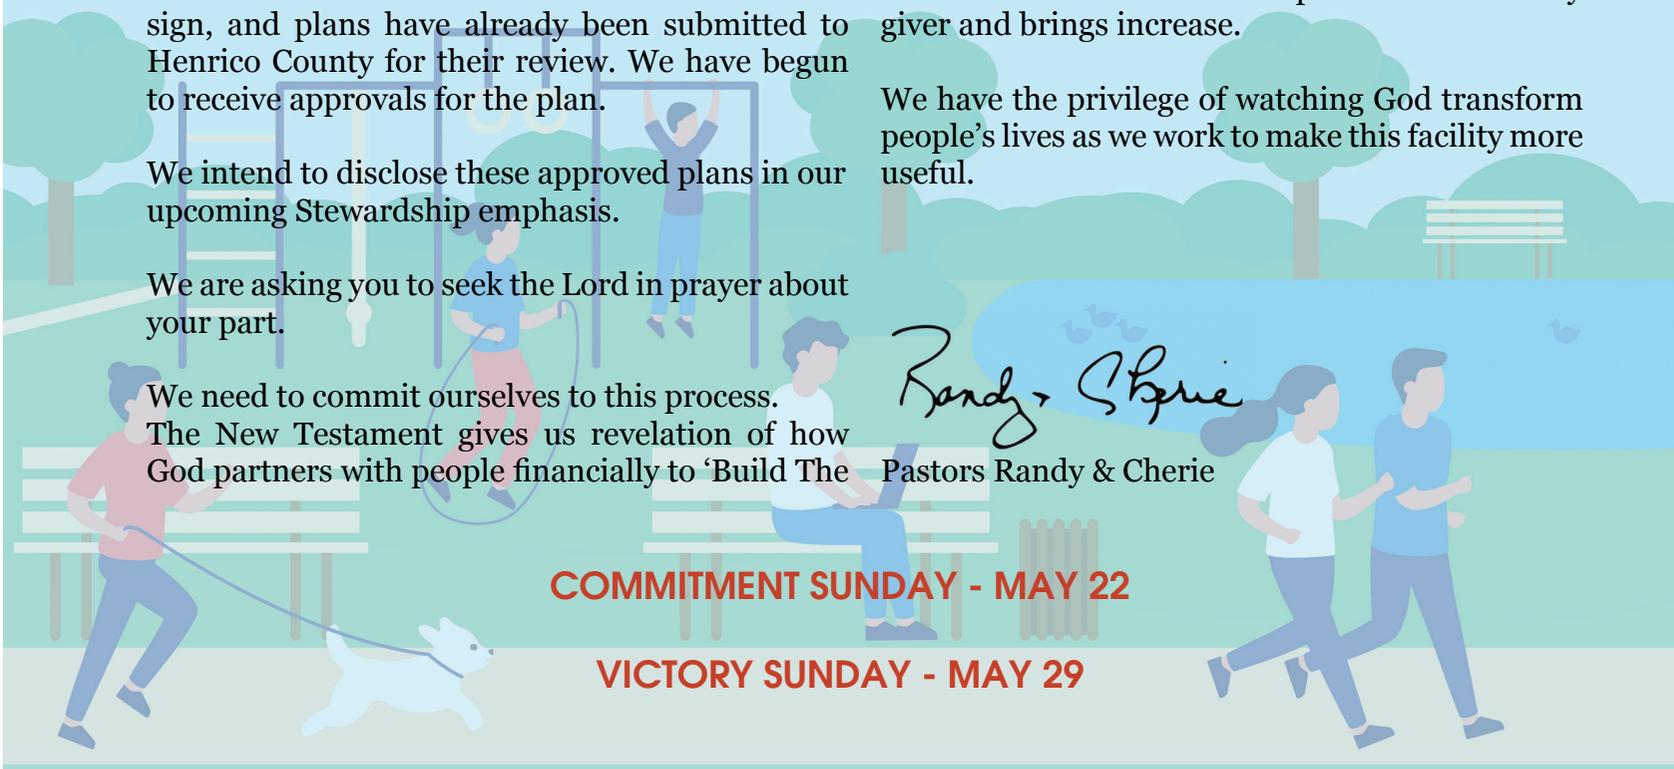

We all recognize that as believers, we are at different stages of growth in our financial lives. So, our slogan, **Not equal gifts but equal commitment** ensures God's miracle power reaches every giver and brings increase.

We have the privilege of watching God transform people's lives as we work to make this facility more useful.
