

## “Invest – Make It Count”

Invest brings to mind a process that involves a decision, then an action which leads to a long-term goal being achieved.

So, we have to learn to **trust** what we can't see when difficult times present themselves. When we're in the midst of an experience, it's easy to forget there is a **PLAN**. Sometimes, all we can see is today.

Looking back on decisions - we can gain perspective on where decisions went wrong but also when we got it right. There is an important lesson in the midst of these “**God decisions**” where we saw great increase!

### We Can Trust!

Partnering with God involves using our faith. Faith is like a muscle...it must be exercised to grow strong.

The principle of compounded increase causes our decisions to take on an exponential curve.

Isaac discovered that by hearing and obeying God's instructions - he would receive the miracle of the “**Hundred-Fold Return**”.

He chose to Obey God and Do the impossible by faith.

He wanted to **MAKE IT COUNT**.

Repeated experiences of having to trust what we cannot see AND repeated experiences of learning to trust that your investments will work out - is what makes our “Faith Muscle” grow strong.

Whatever we decide to do, let's do it by faith and MAKE IT COUNT.

### Challenge Reminder:

**Read five chapters in the Word and pray in tongues for 30 minutes.**

*“Likewise the Spirit also helps our weaknesses. For we do not know what we should pray for as we ought, but the Spirit HIMSELF makes intercession for us with groanings which cannot be uttered. Now He who searches the hearts knows what the mind of the Spirit is, because He makes intercession for the saints according to the will of God.” -Rom. 8:26-27*
