“Invest: Breaking Records”

In today's world, most people are aware of the principle of **Investing**.

The idea is to allow someone else to hold your assets, while increasing them, by **investing** in larger markets.

Jesus used this principle in the parable of the talents in Matthew, Chapter 25.

Jesus made it sound as though holding on to your own assets, and not **investing for increase**, would cause one to be labeled as a poor steward.

Therefore, it could be considered that **investing** is a Godly principle.

A Bible example would be the small boy's lunch.

In his hands, it was only intended to feed one.

But, in the Master's hands, a **multitude** was fed.

Jesus said **Investing** in the Kingdom would make one rich towards God.

The Apostle Paul picked up on this principle and taught it to the Gentile Church.

2 Corinthians records that the Gentile Church **invested** their abundance in the Church of Jerusalem, and saw a great increase.

This is a big story.

Many have made use of it. And to their credit, it sent the **Gospel** around the world.

We at FLM also have seized on and used this story, and reached **multitudes** beyond us.

Challenge Reminder:

Read five chapters in the Word and pray in tongues for 30 minutes.

"Likewise the Spirit also helps our weaknesses. For we do not know what we should pray for as we ought, but the Spirit HIMSELF makes intercession for us with groanings which cannot be uttered. Now He who searches the hearts knows what the mind of the Spirit is, because He makes intercession for the saints according to the will of God." -Rom. 8:26-27
